Final Step 3B and 4 of the Baseline Ecological Risk Assessment Project Plans  
for SSA 25 – Wetlands Down-Gradient of Beaver Pond  
Naval Weapons Station Yorktown, Yorktown, Virginia

Dear Ms. Cole:

Enclosed please find one electronic copy containing native files of the Final Step 3B and 4 of the Baseline Ecological Risk Assessment Report Project Plans for Site Screening Area (SSA) 25, Wetlands Down-Gradient of Beaver Pond for Naval Weapons Station Yorktown, Yorktown, Virginia. The Work Plan has been updated to reflect comments received and discussions held on the draft version of the report. In addition, Appendix B has been added, which includes the response to comments (RTC) received on the draft document. However, this RTC does not address the additional comments Peter Knight sent to Greyson Franklin via email August 9, 2005. Mr. Knight's additional comments were discussed by the Yorktown Partnering Team and addressed in Consensus Statement 8-17-05-42.

Baker is providing hardcopies and an electronic version of the final document to the other members of the Yorktown Partnering Team as indicated below. Baker appreciates the opportunity to provide support to NAVFAC Mid-Atlantic and Naval Weapons Station Yorktown. If you have any questions regarding this deliverable, please contact me at (757) 631-5416.

Sincerely,

BAKER ENVIRONMENTAL, INC.
